### REGULATIONS FOR GRADUATION IN MEDICINE.

Three Medical Degrees are conferred by this University, viz. : —Bachelor of Medicine (M.B.) ; Master in Surgery (C.M.) ; and Doctor of Medicine (M.D.) ; all of which are recognized by the Medical Acts as qualifying for practice throughout the British dominions, and for admission to the Army, Navy, and Public Medical Service.

The Degrees of Bachelor of Medicine and Master in Surgery may be obtained by Candidates of the age of 21 years who have complied with the regulations as to Education and Examination.

The Degree of Master in Surgery shall not be conferred on any person who does not at the same time obtain the Degree of Bachelor of Medicine, nor shall the Degree of Bachelor of Medicine be conferred on any one who does not at the same time obtain the Degree of Master in Surgery.

The following rules and directions apply to the Degrees of Bachelor of Medicine and Master in Surgery :—

#### A.—EXAMINATION OF MEDICAL STUDENTS IN GENERAL EDUCATION AND REGISTRATION BY THE MEDICAL COUNCIL.

The Candidate for the Degrees of Bachelor of Medicine and Master in Surgery must have been registered in the books of the General Medical Council at least four years prior to the date of his graduation. Students should see to registration without delay, as considerable trouble and disappointment have sometimes arisen through ignorance or neglect of this requirement. In order to be so registered he must transmit to James Robertson, Esq., the Scottish Branch Registrar, 1 George Square, Edinburgh, together with a printed form of application which may be obtained from the Assistant Clerk (Matriculation Office), a certificate of having passed a satisfactory Preliminary Examination in English, Latin, Arithmetic, the Elements of Mathematics, and the Elements of

Mechanics, along with one of the following subjects, viz., French, German, Greek, or Logic.

A Degree in Arts (not being an Honorary Degree) of any of the Universities of England, Scotland, and Ireland, and also a Degree in Arts of any Colonial or Foreign University which may for this purpose have been specially recognized by the University Court, shall exempt Candidates from all preliminary examination.

The Examination in General Education may be passed either in this University\* or at any University or Board of which the examinations are recognized by the General Medical Council as entitling to registration.† But while a Certificate of having passed any recognized Preliminary Examination entitles to registration in the books of the General Medical Council, the University only accepts these Examinations *pro tanto*, and exacts examination in every case on such subjects required by the regulations of the University as are not embraced in the certificates presented from other Examining Boards, or which, though included therein, are not of similar extent to the same subjects as prescribed by the University. In such cases this Examination required by the University must be passed by the Candidates before enrolment for their First Professional Examination.

This registration in the books of the Medical Council, which is imperative on Candidates for any legal qualification to practise whatsoever, is quite distinct from Matriculation or other registration of students in the books of the University.

The following is a more detailed notice of the subjects of the Examination in General Education referred to above :—

I. **Registration Subjects.**—The Student must pass in all the subjects of this division before Registration with the Branch Registrar of the Medical Council. The subjects may be passed at one or more Examinations. For fees and dates of this Examination see page 17—

1. **ENGLISH.**—(1) Writing correctly a passage to dictation. (2) Composition of a short essay on a given theme. (3) Questions on Grammar, with analysis of sentences and the derivation and meaning of some common English words.
  2. **LATIN.**—Virgil, *Æneid*, Book III., and Cæsar *de Bello Gallico*, Book V. Translations from the above. Translation of passages from works not prescribed, and of English passages into Latin,—the principal Latin words being supplied.
- Questions on Grammar and Construction.

\* A Local Centre in connection with this Examination has been established in the University College of North Wales, Bangor. Candidates who prefer to sit for examination there must intimate their desire when returning schedule of entry to Glasgow. Such Candidates are required, on taking their seats at Bangor, to pay to the College Authorities there a special fee of 5s. This is in addition to the ordinary fee of 10s., payable at Glasgow, as mentioned at page 17. The Examinations are held simultaneously in Bangor and Glasgow.

† For a list of such Examining Boards, see p. 19.

- C 3. ARITHMETIC.—The Common Rules, including Vulgar and Decimal Fractions.
- C 4. ELEMENTS OF MATHEMATICS.—  
 (a) Algebra (including Simple Equations), and Euclid, Book I.  
 (b) Euclid, Books II. and III.\*
- D 5. ELEMENTARY MECHANICS OF SOLIDS AND FLUIDS.—  
 Elementary Kinematics, Statics, Kinetics, and Hydrostatics.  
 Text-books — Bottomley's Dynamics (Collins' Series);  
 Blaikie's Elements of Dynamics.
6. ANY one of the following :—Greek, French, German, Logic,  
 as prescribed under II. (Optional subjects for M.B. and C.M.)

In addition to the above-mentioned Preliminary Examination, Candidates for the Degrees of Bachelor of Medicine and Master in Surgery are required to undergo, PREVIOUS TO THEIR FIRST PROFESSIONAL EXAMINATION (and, it is recommended, as far as possible previous to the commencement of professional study), an examination in one of the following, other than the one selected under 6 above : Greek, French, German, Higher Mathematics, Natural Philosophy, Logic, Moral Philosophy, as detailed below.

## II. Optional Subjects for M.B. and C.M.—

1. GREEK.—*Memorabilia* of Xenophon, Book I., and the Gospel according to St. Luke. Translation of passages from works not prescribed, and of English passages into Greek—the principal Greek words being supplied. Questions on Grammar.
- E 2. FRENCH.—Montesquieu's *Considerations sur les causes de la grandeur des Romains, et de leur decadence*. Translation and exercises as in the Latin and Greek.
3. GERMAN.—Schiller's *Wilhelm Tell*. Translation and exercises as in the other languages.
- C 4. HIGHER MATHEMATICS.—Euclid, Books I. to VI.; Algebra, including Quadratic Equations, and the Rudiments of Trigonometry.
- D 5. NATURAL PHILOSOPHY.—Everett's Elementary Text-Book of Physics (Chapters on Sound and Heat) or Part II. of Todhunter's Natural Philosophy for Beginners, viz., Sound and Heat, omitting chapters xii. xiii. in Sound, and in Heat from sec. 732 to 746.
- F 6. LOGIC.—Jevons' Elementary Lessons on Logic.
- G 7. MORAL PHILOSOPHY.—Herbert Spencer's Data of Ethics.

\* The subjects under (b) are not required for Registration ; they may be passed at the same time as those under (a) or at a subsequent Examination, BUT THEY MUST BE PASSED BEFORE THE FIRST PROFESSIONAL EXAMINATION.

A certificate of having passed, at the Examinations for the Degree of M.A., or B.Sc., in English, Latin, Mathematics, Natural Philosophy, Greek, Logic, or Moral Philosophy, will be accepted instead of examination in the subjects marked A, B, C, D, E, F, G, respectively.

III. Subjects for Degree of M.D.—The Candidate for the Degree of M.D., if not a graduate in Arts, must have passed a satisfactory Examination in Greek and in Logic or Moral Philosophy, and in one at least of the following subjects, viz.:—French, German, Higher Mathematics, Natural Philosophy, and Natural History.

#### B.—PROFESSIONAL EDUCATION.

1. *Duration and Constitution of the Curriculum.*—No one shall be admitted to the Degree of Bachelor of Medicine or Master in Surgery, who has not been engaged in medical and surgical study for four years,—the medical session of each year, or *Annus Medicus*, being constituted by at least two courses of not less than one hundred lectures each, or by one such course and two courses of not less than fifty lectures each; but in the case of the Clinical Courses, it shall be sufficient that the lectures be given at least twice a week during the prescribed periods.

One at least of the four years of medical and surgical study above required must be in the University of Glasgow.

Another of such four years must be either in the University of Glasgow, or in some other University entitled to give the degree of Doctor of Medicine.

Attendance during at least six winter months on the medical or surgical practice of a general hospital which accommodates at least eighty patients, and during the same period on a course of Practical Anatomy, may be reckoned as one of such four years; and to that extent shall be held equivalent to one year's attendance on courses of lectures, as above prescribed.

One year's attendance on the Lecturers or Teachers of Medicine in the Hospital Schools of London, or in the School of the College of Surgeons in Dublin, may be reckoned as one of such four years; and to that extent shall be held as attendance on courses of lectures as above prescribed.

Attendance on the lectures of any private Teacher or Teachers of Medicine whose lectures have, by regulation of the University Court, with consent of the Chancellor of the University, been recognized for the purpose of graduation in the University, may

be reckoned in place of the year's attendance last above mentioned, or as part thereof, as the case may be.

Candidates may, to the extent of four of the departments of medical study enumerated in "required courses of instruction," attend in such year or years of their medical and surgical studies as may be most convenient to them, the lectures of the Teachers of Medicine specified in the two immediately preceding paragraphs.\*

All Candidates availing themselves of the permission to attend the lectures of private Teachers, and not being at the time matriculated students of the University, must, at the commencement of the year of such attendance, enrol their names in a book kept by the University for that purpose, paying a fee of one-half the amount of the matriculation fee paid by students of the University; but they shall not be thereby entitled to any of the privileges of a matriculated student of the University.

The fee for attendance on the lectures of any private Teacher, with a view to graduation, shall not be of less amount than that exigible by Medical Professors of the University for the same course of instruction. (*The fees must be paid at the commencement of the course.*)

No attendance on Lectures shall be reckoned, if the Teacher gives instruction in more than one of the prescribed branches of study, except in those cases where Professors of the University are at liberty to teach more than one branch.

2. *Required Courses of Instruction.*—Every Candidate for the Degrees of Bachelor of Medicine and Master in Surgery shall give sufficient evidence by certificates:—

(1.) That he has studied each of the following departments of medical science, viz.:—

ANATOMY, - - - - -	}
CHEMISTRY, - - - - -	
MATERIA MEDICA and PHARMACY,	
INSTITUTES OF MEDICINE or PHY-	
SIOLOGY, - - - - -	
PRACTICE OF MEDICINE, - - -	
SURGERY, - - - - -	
MIDWIFERY and the DISEASES pecu-	
liar to WOMEN and CHILDREN;	}
two courses of Midwifery, of	
three months each,† being reck-	
oned equivalent to a six months'	
course, provided different de-	}
partments of Obstetric Medicine	
be taught in each of the courses,	

During courses including not less than one hundred lectures.

In Provincial Medical Schools where there are no Lecturers recognized by the University Court, a Candidate can complete only one *Annus Medicus*, constituted by attendance at a General Hospital accommodating not fewer than 80 patients, along with a course of Practical Anatomy.

† The Fee for each course of Midwifery of three months is £2 2s.

PATHOLOGICAL ANATOMY, during a three months' course of lectures, together with a supplemental course of Practice of Medicine or Clinical Medicine ; or a course of not less than one hundred lectures on General Pathology,

PRACTICAL ANATOMY, - - - Six months.

PRACTICAL CHEMISTRY, - - - Three months.

PRACTICAL MIDWIFERY, - - - Three months on the indoor practice of a Lying-in Hospital, or presence at not less than twelve labours, at least three of which must be conducted personally by the candidate under the direct supervision of a Registered Practitioner.

CLINICAL MEDICINE, - - - { During courses of six months, or  
CLINICAL SURGERY, - - - { two courses of three months :  
lectures being given at least twice a week.

MEDICAL JURISPRUDENCE, - - - {  
BOTANY, - - - - - { During courses including not less  
ZOOLOGY with COMPARATIVE AN- { than fifty lectures.  
ATOMY, - - - - - }

(2.) That he has attended for at least two years the medical and surgical practice of a general hospital, either at Glasgow or elsewhere, which accommodates not fewer than eighty patients, and possesses a distinct staff of physicians and surgeons.

(3.) That he has attended, during a course of not less than fifty hours' instruction, the class of Practical Materia Medica in the University of Glasgow ; or a similar class in a University or School of Medicine, attendance on which is recognized by the Ordinance ; or a similar class conducted by a teacher recognized by the University Court under the Ordinance ; or, that he has been engaged for at least three months, by apprenticeship or otherwise, in compounding and dispensing drugs at the laboratory of an hospital, dispensary, member of a Surgical College or Faculty, of a licentiate of the London or Dublin Society of Apothecaries, or of a member of the Pharmaceutical Society of Great Britain. [Students are recommended to take the class of Pharmacology and Practical Pharmacy in the summer before their attendance on the course of Materia Medica ; but attendance on such a course cannot be substituted for attendance on the course of systematic

Lectures on Materia Medica, which must be taken before the third Professional Examination.]

- (4.) That he has attended for at least six months, by apprenticeship or otherwise, the out-practice of an hospital, or the practice of a dispensary, or of a physician, surgeon, or member of the London or Dublin Society of Apothecaries.

VACCINATION.—The candidate must produce a certificate from a recognized Vaccination department in an hospital, dispensary, or other public institution, that he has performed the operation successfully under the Teacher's supervision; that he is familiar with the different stages of the vaccine vesicle, and with the mode of preserving lymph, and is generally well instructed in the subject.\*

#### C.—PROFESSIONAL EXAMINATIONS.

By orders of Her Majesty in Council, dated 13th August, 1877, 23rd August, 1883, 27th January, 1885, and 26th March, 1885, the following are the arrangements for Professional Examinations:—

1. Every candidate for the Degrees of Bachelor of Medicine and Master in Surgery shall be examined both in writing and *viva voce*, First, on Chemistry, Botany, and Natural History; Second, on Anatomy and Physiology; Third, on Regional Anatomy, and Materia Medica and Pharmacy; and Fourth, on Surgery, Clinical Surgery, Medicine, Clinical Medicine, Pathology, Midwifery, and Medical Jurisprudence. The Examination in Chemistry shall include Practical Chemistry; and the Examinations in Anatomy and Physiology shall include Practical Anatomy, Histology, and Practical Physiology; and the Examination in Surgery shall include Operative Surgery.
2. Students may appear for examination in the first of the foregoing divisions of subjects who have completed their attendance on the required courses during one winter and one summer session: provided always that students shall not be admitted to such examination at an earlier date than the period of examination immediately preceding their second winter session of professional study; and that students who commenced their medical studies in the summer session shall not be admitted to a degree in medicine unless their course of study, subsequent to the completion of the summer session in which they commenced their medical studies, shall not be less than the minimum course of four years prescribed by this Ordinance.

\*The recognized Vaccine Departments in Glasgow are—Western Infirmary, Royal Infirmary, and Faculty of Physicians and Surgeons.

3. Students who have passed the first examination may appear for examination in the second division of subjects, after having completed their attendance on the requisite courses (including those of the subjects of examination) after the lapse of two winter and three summer sessions from the time of the commencement of their studies; provided always that students who have commenced their medical studies with a winter session may appear for examination in the second division of subjects after the lapse of two winter and two summer sessions from the time of the commencement of their studies.
4. Students who have passed the two previous examinations may appear for examination in the third division of subjects at any of the terms fixed for examination by the Senate, after the conclusion of the third winter session of attendance upon Medical Classes (including those of the required subjects).
5. Students who have passed the examinations in the subjects of the three previous divisions may appear for examination in the subjects of the fourth division at the first term for the final examination after the conclusion of their Curriculum of study.

In addition, the following regulations will be observed :—

1. The examinations will be conducted by written papers and by oral examinations. A practical knowledge of the subject is also required.
2. Candidates must produce certificates of satisfactory attendance on the courses belonging to each division before presenting themselves for these examinations, and no candidate is allowed to enrol himself for the Second, Third, or Fourth examination without having passed the immediately preceding examination.
3. Previous to appearing for the final examination the candidate must produce a declaration in his own handwriting that on the day of graduation, he will have completed his twenty-first year and will not be under articles of apprenticeship.
4. At the professional examinations, candidates will as far as possible be examined orally in the alphabetical order of their surnames.
5. If any Candidate, on examination, be found unqualified, he shall not be again admitted to examination unless he shall have completed another year of medical study, or such portion of another year as may be fixed by the examiners when he is found unqualified.

The examinations are conducted by the Professors of the

Faculty of Medicine, together with the other Examiners appointed by the University Court.

For Table of Fees and dates of examinations see page 17.

#### D.—DEGREE OF DOCTOR OF MEDICINE.

The Degree of Doctor of Medicine may be conferred on any candidate who has obtained the degree of Bachelor of Medicine, and is of the age of twenty-four years, and has been engaged, subsequently to his having obtained the degree of Bachelor of Medicine, for at least two years in attendance on an hospital, or in the Military or Naval medical service, or in medical or surgical practice: Provided always that the degree of Doctor of Medicine shall not be conferred on any person, unless he be a graduate in Arts within the fifth section of the Ordinance, or unless he shall have passed a satisfactory examination in Greek, and in Logic or Moral Philosophy, and in one, at least, of the following subjects, namely, French, German, Higher Mathematics, Natural Philosophy, and Natural History. Provided also that each candidate for the degree of Doctor of Medicine shall present an Inaugural Dissertation composed by himself to be approved by the *Senatus Academicus*. Such Dissertations or Theses\* must be lodged with the Assistant Clerk (Matriculation Office), on or before 20th March, 20th June, or 20th October. No Thesis will be approved unless it gives evidence of original observation, or, if it deal with the researches of others, gives a full statement of the literature of the question, with accurate references and critical investigation of the views or facts cited: mere compilations will in no case be accepted. The fees for the Degree of M.D. amount to £15, 8s. (including the sum of £10, 3s. for Government stamp, etc.).

#### E.—REGULATIONS FOR OBTAINING A DIPLOMA IN PUBLIC HEALTH.

A special Examination will be held once in every year in subjects relating to Public Health, and will commence on the third Tuesday in October. Candidates may be admitted to examination before they have obtained a qualification to practice Medicine and Surgery, but in no case shall the Diploma be granted till the candidate is registered under the Medical Acts.

Candidates must produce evidence that they have attended a Course of Lectures in which special instruction was given on Public Health, and that they have attended a Course of Analytical Chemistry specially bearing upon the subjects of examination. Candidates who have not passed an *Annus Medicus* in the University of Glasgow must, before presenting themselves for examination, have attended as Matriculated Students in this University at least two Courses of instruction, scientific or pro-

\* Candidates are requested to have their Theses bound before sending them in.

fessional, bearing on the subjects of the examination. The examinations shall be written, oral, and practical.\*

The fee for this examination shall be Five Guineas. No candidate shall be admitted to examination unless he shall have given notice of his intention to the Assistant Clerk (Matriculation Office), and paid the required fee, at least One Calendar Month previous to the examination.

If, after payment of the fee, a candidate withdraw his name, or fail to present himself at the examination, or fail to pass it, the fee shall not be returned to him, but he shall be allowed to enter for *one* subsequent examination in subjects relating to Public Health without the payment of an additional fee.

The examination for the Diploma in Public Health shall embrace the following subjects:—

Duties of Health Officer. Air and Ventilation. Food and its Adulterations. Water and Water Supply. Sewerage and Drainage. Construction of Hospitals, Public Buildings, and Dwellings. Overcrowding. Manufactories. Insalubrious Trades. Cemeteries. Nuisances. Quarantine. Disinfectants and Deodorizers. Outbreaks of Zymotic Diseases. Climate, Topographical and Seasonal ; its influences in relation to Health and Disease. Geographical Distribution of Diseases. Knowledge of leading Sanitary Acts of Parliament. Vital Statistics.

The following are recommended as books for study :—

E. Parkes, *Practical Hygiene* ; George Wilson, *Handbook of Hygiene* ; A. H. Hassal, *On Food and its Adulterations*.

N.B.—Lectures on Public Health will be delivered in this University during each Winter Session, commencing in Session 1890-1, on 5th January.

Further information with regard to the Lectures on Public Health and the Examinations for the Diploma may be obtained from DR. P. A. SIMPSON, Professor of Medical Jurisprudence, University of Glasgow.

\* For registration of Diploma in Public Health, the following rules have been laid down by the General Medical Council :—

A period of not less than twelve months shall elapse between the attainment of a first registrable qualification in Medicine, Surgery, and Midwifery, and the examination for a Diploma in Sanitary Science, Public Health, or State Medicine.

Every Candidate shall have produced evidence of having attended, after obtaining a registrable qualification, during a period of six months, practical instruction in a laboratory approved of by the Body granting the qualification.

## G.—GRADUATION.

The terms for conferring Medical and Surgical Degrees are 1st May, 31st July, and second last Thursday of November.

Candidates proceeding to Graduation, if not already Members of the General Council of the University, are required by the Act, 44 and 45 Vict. Ch. 40, to pay to the Registrar of the General Council the Registration Fee, and furnish to him the particulars required for their enrolment in the General Council. This should in all cases be done at least two clear days before the day of Graduation.

In accordance with the Promissory Oaths Act, 1868, a Declaration in the following English form is now substituted for the Latin Oath, or *Sponsio Academica*, formerly required to be taken and subscribed by every Candidate on Graduation :—

I do solemnly and sincerely declare, that, as a Graduate in Medicine of the University of Glasgow, I will exercise the several parts of my profession, to the best of my knowledge and abilities, for the good, safety, and welfare of all persons committing themselves, or committed to my care and direction ; and that I will not knowingly or intentionally do anything or administer anything to them to their hurt or prejudice, for any consideration, or from any motive whatever. And I further declare, that I will keep silence as to anything I have seen or heard while visiting the sick which it would be improper to divulge. And I make this solemn declaration in virtue of the Provisions of the Promissory Oaths Act, 1868, substituting a Declaration for Oaths in certain cases.
